SPANISH BODICE.

KNITTING. No. 1.

Materials—2 ounces of White, 2 ounces of Magenta or Blue, and 1 skein of Black Andalusian wool; 1 pair each of Knitting Pins, Nos. 19, 14, and 10.

THE WAISTBAND.

Commence with Magenta wool and pins No. 14, the wool is to be used doubled throughout the waistband. Cast on 34 stitches.

1st row—Knit 2 together, knit the rest plain.

2nd row—Slip the 1st stitch, knit the rest plain.

Repeat these 2 rows 20 times more, when there will be only 13 stitches; then knit 64 rows plain, always slipping the 1st stitch; this will make the bodice 25 inches round the waist, if required more or less, these 64 rows can be added to or reduced.

107th row—Increase a stitch thus—knit the 1st stitch; but before taking it off the left pin put the right pin into the back of the same stitch and knit it off—knit the rest plain.

108th row—Slip 1, knit the rest. Repeat the last 2 rows 20 times more, when there will be 34 stitches; then, commencing at the 1st row, repeat the direction once more.
207th row—(For the button-holes) Slip 1, knit 1 (make 1, knit 2 together, knit 4, 5 times), make 1, knit 2 together. Knit 5 rows plain and cast off. With the black wool doubled, and crochet-needle No. 1, work a row of single crochet on both sides of the selvedge of the band, working a stitch to each rib of the knitting.

THE RIGHT SIDE.

With white wool and No. 10 pins cast on 27 stitches, and, as a guide to the making up, label the last stitch with the letter a. The work should be rather loose, so as to preserve the lightness of the wool.

1st row—Slip the 1st (make 1 and knit 2 together to the end), then cast on 6 stitches.

2nd row—Knit the 6 stitches cast on, and the rest of the 1st row all plain. Repeat these 2 rows 11 times more, when there will be 99 stitches. Mark the last stitch cast on, b.

25th row—Slip the 1st stitch, (make 1 and knit 2 together to the end).

26th row—Slip the 1st stitch, knit the rest plain. Repeat these 2 rows 8 times more. Then, at the longest side, cast off 8 stitches for the armhole, and mark it c. Work the 25th and 26th rows 14 times.

1st row—Make 1, knit 2 together, then knit 2 together again; repeat, and at the end knit 3. There will now be 69 stitches.

THE COLORED STRIPE—Join on the black wool, and use No. 19 pins for the next 8 rows. Knit 2 rows plain, with the colored wool knit 4 rows plain, and with the black knit 2 rows plain. Join on the white and work with No. 10 pins as before.

THE WHITE STRIPE, 1st row—Plain.

2nd row—Slip the 1st stitch, make 1 and knit 2 together to the end. Repeat these 2 rows 5 times more. Work a 2nd colored and white stripe, and a 3rd colored stripe. Join on the white and use No. 10 pins. Cast on 6 stitches for the back of the neck, work the 2 rows as the white stripe 19 times, then repeat the same 2 rows 8 times, but leaving 6 stitches at the end of the 2nd row each repeat. Cast off all the stitches.
The first and last rows of the white piece must now be sewed to the selvedge of the waistband at the side where the points are made; both pieces are to be kept on the wrong side, and in sewing it take the Magenta stitches, leaving the black row in front. Sew the shortest side cast off to the top of the point at the back of the band, then sew the 1st stitch cast off to the 38th rib of the band. Take the end marked a, sew it close to this, and the end marked b to the centre point of the band. Gather the white and sew it to the band, placing more fulness at the points than under the arm; when finished, sew the sides together from the band to the armhole c.

The Left Side—With the white wool and pins No. 10 cast on 27 stitches.

1st row—Plain. At the end cast on 6 stitches.

2nd row—Knit 2 together, * make 1, knit 2 together. Repeat from *, and at the end make 1, knit 1; mark this a. Repeat these 2 rows 11 times more, mark the last stitch cast on b. CHILD'S SHOE.

Tricot Ecossais. No. 5.

Materials—1 skein each of Blue and White Andalusian wool; Tricot needle, the stem of which measures No. 14, Bell gauge.

Commence at the back of the shoe with blue wool. Make a chain of 28 stitches.

1st double row—Raise the loops thus:—Keep the loop on the needle, miss the first chain stitch, * put the needle into the next stitch, and bring the wool through in a loop on the needle. Repeat from * until there are 28 loops on the needle; then, to "work back," take the wool on the needle, and bring it through the last 2 loops on it. Repeat, bringing
the wool through 2 loops each time, until there are only 2 loops on the needle. Join on the white wool, still leaving the blue, and bring it through the 2 blue loops to finish the row. A double row is worked with the two colors alternately, throughout the shoe, and they need not be cut off; the end of every row is to be worked the same.

2nd row—White. Miss the edge stitch, and putting the needle into the perpendicular loop of the 1st row, bring the wool through; raise 9 loops more the same, and, to increase a stitch, put the needle in the wool between the next 2 stitches and raise a loop; then raise a loop from the next stitch. Repeat from † 5 times more, than raise 12 loops as usual, when there will be 34 on the needle. Work back, as in the 1st row.

3rd row—Blue. Work a double row.

4th—White. Work a double row. Repeat these 2 double rows 9 times; making, in all, 22 rows.

23rd row—Blue. Make 8 chain, miss 1, raise 7 stitches from the 8 chain; then, on the 22nd row, raise 13 stitches as usual; increase a stitch, as before, then raise 8 stitches; increase a stitch, raise 13 stitches. Take a piece of blue wool, make 8 chain, tie it to the last stitch of the 23rd row, and raise the 8 stitches of it; there will be 52 loops on the needle.

24th row—White. Work a double row of 52 stitches.

25th row—Blue. Raise all the stitches; but at the end take the last 2 stitches together to decrease a stitch. Work back until there are only 3 loops on the needle, then bring the white wool through all 3 to finish the row; this will decrease a stitch.

26th row—White. Miss the 2 loops close together, raise the rest of the loops as usual, and take the last 2 stitches together; work back to the last 3 loops, then bring the blue through them to finish.

Repeat as the last row, working the colors alternately, until there are only 20 stitches left then with a rug-needle draw all these stitches together, and sew them firmly to form the toe. The stitches added at the 23rd row are for the instep, the shoe being joined up the
front in single crochet, thus—work with the blue wool doubled; commence with a single stitch at the toe, place the slanting selvedges together, * put the needle into the right edge, then into the left edge, bring the wool through, and also through the loop on the needle. Repeat from * until the front is joined; fasten off.

For the back, double the 1st row and join the sides, drawing about 6 stitches together in the centre for the heel. Fold the blue wool in three, and with it work a row of single crochet along the top of the shoe, making a stitch to each double row; then, with the single wool, work a row of 1 chain, and 1 single in each stitch of the former row. Fasten off.

The Strap—Double the white wool, and with it make 66 chain, turn, miss 1, 4 single on the chain; then 3 chain, miss 3, and work single crochet along the remainder of the chain. Then with the blue wool, used single, work 1 chain and 1 single round both sides. Sew it to the back of the shoe, and a button to the strap opposite the button-holes.

A leather sole may be added, and the shoe lined with silk, if preferred, but it is complete without.

PLAIN KNITTING. No. 10.

Materials—½ oz. of Black and 1½ ozs. each of White and Colored Andalusian wool; 1 reel of Gold Check; a pair of Knitting Pins No. 7; and for the Trimming, Crochet Needle No. 1.

THE FRONT.

The White Stripe.—With white wool, cast on very loosely with 2 pins, 90 stitches. Work 10 rows plain knitting, always slipping the 1st stitch of each row; then for

The Colored Stripe—Black wool. Knit two rows plain as before.

Colored wool. 4 rows.
Gold check. 4 rows.
Colored wool. 4 rows.
Black wool. 2 rows.

The White Stripe—Knit 14 rows plain. Repeat the colored stripe and 12 rows of white; then knit 2 rows of white, casting off very loosely 14 stitches at the beginning of each row. These ends are for the Lappets, and 62 stitches will be left in the centre; on these 62 stitches repeat the colored stripe and 10 rows of white. Cast off loosely, so that the work may be stretched lengthways and measure about one yard, including the lappets, which are now to be fringed as follows:

The Fringe—Cut the white wool in lengths of 6 inches, take 3 pieces, and put the crochet needle into a stitch of the selvedge of a white stripe, fold the wools on the point of the needle, bring them through the stitch in a loop, then bring the ends of wool through the loop and draw them tight. Repeat along the selvedge, looping in the same colors as
the stripes. Fringe the opposite lappet the same. Then, with a rug-needle and wool commence at the 14th stitch of the foundation row, run it across the stripes, so as to draw them all together, and sew it firm; to this will be attached the strings and a rosette. Draw the other end the same; then, commencing at the centre stitch of the foundation draw the stripes together for the middle of the head, where the large rosette is placed.

THE BACK.

WHITE STRIPE—With white wool, cast on tightly with 1 pin, 20 stitches.

1st row—Knit the 1st stitch; but before taking it off the left pin put the right pin into the back of the same stitch, and knit it off—this will increase a stitch. Repeat to the end, when there will be 40 stitches. Knit 9 rows plain as before.

Repeat the colored stripe and 14 rows of white as for the front, until there are 6 white stripes and 5 colored; in the last repeat, work only 9 white rows, and for the last row knit every 2 stitches together, and cast off tightly.

Fringe one selvedge of this piece in the same manner as the lappets.

THE ROSETTES—With the crochet needle and black wool work 5 chain, and make it round.

1st round—Work 10 plain crochet stitches in the round loop.

2nd round—Join on the gold check, work 4 chain and 1 plain on the lower edge of the black stitches, leaving the upper edge at the back. Repeat 9 times more.

3rd round—Colored wool. 7 chain, 1 plain on the upper edge of the black row left at the back of the last. Repeat all round.

4th round—Black wool. 10 chain and 1 plain in the back of the same black stitch in which the colored one was worked. Repeat all round and fasten off. Sew this rosette to the centre row of the 2nd White Stripe of the Back, about 12 stitches from the edge which is fringed, then draw up the 12 stitches under the rosette, so that it touches the edge and forms a scallop. Work 3 rosettes more the same, attaching them to the 3 following white
stripes. 5 more rosettes will be required. Sew one to each side where the front is drawn together at the lappets.

**Large Rosette**—Commence with the colored wool; work 20 chain, make it round, and work 10 chain and 1 plain 16 times in the round loop. Join on the black wool, and work 12 chain and 1 plain 16 times, putting the needle in the same foundation chain as before, but at the back of the colored round; then, with the gold check, commence in a loop of the black round, work 5 chain and 1 plain in each black loop. Repeat, and fasten off. Take a small rosette and sew it into the centre of the large one; then attach it to the centre of the front, where the stitches were drawn together.

The back and front are to be joined together by sewing the selvedge of the side not fringed to the foundation row of the front, thus—keep the back piece on the right side of the work, and the front on the wrong side, as it is to turn over to form a roll round the face, attach the corners of the back piece under the rosettes at the top of the lappets. Draw together the selvedge of the 3 colored stripes in the middle of the back piece, and sew it under the large rosette; then sew the rest of the selvedge to the 1st row of the front, and turn it over on the right side; on each side attach a rosette to the 2nd white stripe of the back near the front.

**The Cord** is made by folding the wools 6 times; take a length of about 1 1/2 yards of black, colored, and gold, plait them together; two lengths will be required. Leave 16 inches for the strings, and tack the rest to the back, as in the engraving. A tassel is to be made at each end of the cord.
